

# York Suburban All-Sports Booster Club

## Team Allocation Money "Carry-Over" Request

Coaches may request that a maximum amount of \$500 from their team allocation account be 'carried over' to the next school year, providing this money is intended for a specific purpose that will benefit the team. If there is no intended specific purpose for the leftover funds, the money will be returned to the Booster Club's general funds account at the close of the school year.

Coaches who would like to take advantage of this policy are asked to complete this form and submit it to the Booster Club's mailbox at York Suburban High School prior to the close of school in June.

Administrative approval will continue to be required in order to spend team allocation money.
